

## **ANTISTRESS PROGRAMME**

### **Relaxing Thermal Spa Experience**

A hectic routine, along with the hunt for success and bad nutritional habits are the main causes of emotional and physical exhaustion. At the end of the day, the lack of energy results in headaches, chronic stress symptoms, intolerance, disturbance of our psychosomatic balance and an overall decrease in performance. Therefore, your holiday in Therma Sylla spa and wellness resort involves relaxation combined with therapies and prevention treatments following a personalized programme. In this way, your self-improvement mechanism is activated, offering a life of higher quality. According to Hippocrates, the founding father of modern medicine, “our body has a self-healing ability, as long as we give it the opportunity to do so”.

### **Key Symptoms:**

- Stress, lack of concentration
- Weakness
- Cell destruction – Oxidative stress
- Insomnia, headaches
- Muscle stretching
- Improvement of the immune system
- Improvement of psychophysical parameters
